### A NEW DISCOVERY!

Spiritualism Explained.

The question of questions, with the learned and unlearned, the materialist, scientist, religionists, and in fact everybody, is "What is Modern Spiritualism?" Is it a verity or is it all a humbug? Can it be explained from a physiological standpoint and does it come under the head of Physics, or does it come from supernatural causes and without laws or order. That the phenomena exists, is beyond dispute, whether ists, is beyond dispute, whether it will ever be explained remains to be seen. That some spirits can be seen, handled and made use of to a good advantage as well as explained is also a fact to which all druggists and chemists can testify. They need not be named, because their name is legion.
We refer principally to those medicines through which spirits figure largely as restorative agencies. Saur's Drug and Medicine Depot harbors a large number of healing spirits which can be purchased for a very small sum of money and if used has many other things in which it seeks to make itself useful ped the train and probably saved many lives. CINCINNATI, Sept. 8.—A special from Independence, Missouri, says the Chicago & Alton West Express and Mail train No. 48, was stopped by nine masked men, two miles west of Glendale at 9 o'clock

night.

The express messenger was knocked down and terribly beaten. His safe was broken open and robbed of a large amount of money variously estimated at from \$5,000 to \$30,000. The passengers were also robbed.

were also robbed.

The train was stopped by lantern signals and the track obstructed by stones and logs. The robbers were heavily armed with guns and revolvers and kept up a continual firing.

The robbery occupied ten minutes, no one was injured except the express messenger, whose injuries are thought to be fatal. He bravely defended his car and refused to open the safe.

Several shots were fired at Conductor Hazelbaker but he escaped.

The train ran into Kansas City and the alarm was given. The entire police force of the city immediately organized in a pursuing posse and are now on the

The following additional particulars of the robbery of the passenger train on the Chicago & Alton Railroad, are given:

The worn look and miserable feelings of those closely confined in mills, or at of those closely confined in mills, or at deeks or at work tables, are caused by weak Stomach, Kidneys or Bowels, and show the necessity for some mild tonic to build them up. No one need suffer thus who will use Parkens Ginger Tonic; for without intoxicating it has such a beneficient action on these sluggish organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health and spirits are soon brought back again.—Express. He took a prominent part in the Loveland Convention, which nominated "Honest Abe" Ladlow, of Springfield, for Governor. For this action he has been viciously abused by the Cincinnati Gazette and denounced by the Cincinnati Commercial as a "bummer," "lunatic," "fanatic," etc. fanatic," etc.

HE WILL NEVER VOTE THE REPUBLICAN TICKET AGAIN.

"If the temperance cause had an organ some of the slanders which have been circulated since the Loveland Camp Meeting could be refuted in print. Not Meeting could be refuted in print. Not having such an organ, we must refute the falshood from the platform. I am not a politician, and God helping me I never will be. Who is paying this interest? Is it the
distiller or salesmen of the liquor? No; it is paid by the poorer people, whom it is running, whose families it is starving, and from whom it is taking the clothes off their backs. I say shame on a Gov-ernment which boasts that the interest on its debt is being paid by robbing its poor families and wrecking thousands of homes. [Special Dispatch to the Enquirer.]
COLUMBUS, OHIO, September 11.—The desperate straits to which the "C." Foster party of Ohio is reduced is shown by the little method being resorted to to make votes. Not only is the Governor's office being degraded as an electioneering bureau, but the service of the General Government is dragged in as a tail end to Foster's kite. The following letter was received by your correspondent

The Republican papers, led by the Journal and Dispatch, have been publishing a letter purporting to have been written by John W. Bookwalter. Reports from the Hocking Valley mining region indicate that intense feeling and great excitement exists among the miners over the \$75,000,000 syndicate which has just been formed to buy all the mines in the Hocking Valley. It s generly believed here that Governor Foster is one of the heavy stockholders in this gigantic monopoly. The miners believe this; and, remembering how the Governor, with queer promptness, ordered the military into Corning to shoot the miners down and protect the negroes, are fearful that the new scheme simply means a species of slavery for them, for if the many mines owned by one corporation instead of many operators, they will be compelled to work for such wages as the Company dictates, and if they strike they starve. An immense miners' picaic will be held Sept. 18th at Carbon Hill, at which all the miners in the Hocking Valley are expected to be present, to take the grave outlook into consideration. Foster has sent his agents into the coal regions to apprise
